MUST SEES IN BRATISLAVA

OLD TOWN (STARÉ MESTO)

Like other European cities, Bratislava owns a beautiful historic center that carries the city's soul. It's where you can see almost all the must-see attractions.

MICHAEL'S GATE AND TOWER

In the photo, you can also see the medieval Michael's gate and above the Michael's Tower, which offers a panoramic view over the city.

MAIN SQUARE (HLAVNÉ NÁMESTIE)

Located in the old town, the main square is the epicenter of the town packed with tourists all the time.

The main square is full of architectural splendors like the Old Town Hall (Stara Radnica), a complex of wonderful buildings from different time periods, the Roland Fountain (Maximilian Fountain), and the Palugyayov Palác, a neo-baroque palace.

To get here to this places very close to each other, you can catch the tram n°9 †

THE ROLAND FOUNTAIN AT NIGHT (MAXIMILIAN FOUNTAIN)

BRATISLAVA CASTLE (BRATISLAVSKÝ HRAD)

The symbol of Bratislava that you can spot on a hill from a far before entering the city. There you can visit its beautiful baroque garden and contemplate the mesmerizing view over the old town, UFO, Danube River, and Austria from the top of the castle.

MAN AT WORK (ČUMIL)

Čumil is a Slovakian word that translates to the watcher. Some say that he is trying to get a look under the girls' skirts, others that he's a lazy worker who works less and watches more, but some suggest that he's just taking a rest after a day's hard work. Legend has it that if you rub his head and make a wish it'll come true! Throughout the city, you can see many other notable statues.

BLUE CHURCH (MODRÝ KOSTOLÍK)

Not far from the city center you can see the Blue Church and as the name suggests, it is blue. Both the exteriors and interiors display a stunning blue color.

THE RUINS OF DEVÍN CASTLE (DEVÍNSKY HRAD)

Twelve kilometers away from Bratislava is the Devén Castle located on a cliff in Devín. It overlooks the Austro-Slovak borders and the meeting of the rivers of Danube and Morava. It takes around 2-3 hours to explore the castle and its attractions. We incentivize you to enjoy a beautiful sunset from here.

ANOTHER MUST SEE IN BRATISLAVA IS THE UFO BRIDGE

You can enjoy a beautiful view from the top of the UFO Tower that stays on the Nový most (New Bridge). You can also experience this while dining at the UFO Restaurant. The entry fee is around 7€.

The name UFO comes from its spaceship-shaped architecture. You can see the bridge from most of the places in Bratislava. It's the most distinguished attraction in Bratislava.

UFO Restaurant

WHAT CAN YOU DO?

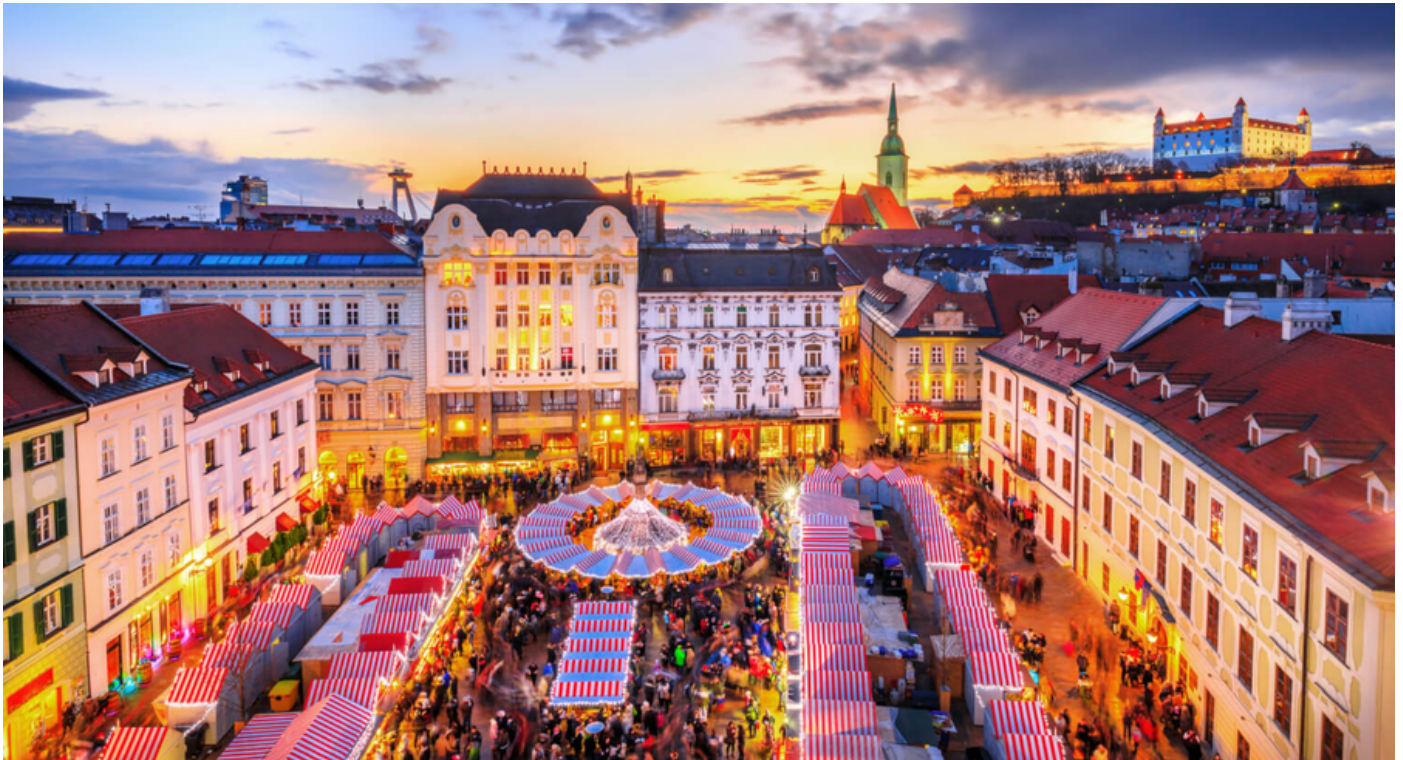

You can go for a walk alongside the Danube river or enjoy simply the sunset on the grass or on the platforms above the river. You can also find here lots of restaurants and bars, inclusive restaurants on boats. And, for this we recommend the Dunajský Pivovart.

For a drink and music in the Old Town, you can go to the Barrock, a rock theme restaurant where you can also dance, or to the Goblins pub, an amazingly atmospheric underground bar with a variety of weekly entertainment such as live bands, open mic/acoustic sessions, stand up comedy and live drawing sessions with professionals.

CHRISTMAS IN BRATISLAVA

CHRISTMAS MARKETS

To really experience the true Christmas spirit you should definitely visit the Christmas markets with magical decorations throughout the city. They take place every year all around the city. You can see at Hlavné Námestie and Hviezdoslavovo Námestie, at Bratislava Castle, in the courtyard of the Old Town Hall, and at Europea.

There you can find little stalls filled with wonderful presents. We encourage you to try a punch with homemade "lokshe" (potato pancakes with various sweet and sour fillings), and also the traditional Bratislava rolls.

They usually start in late November and end right before Christmas day.
